WANTED

Heber City is seeking contributions of sand stone for the completing of the new stone sidewalk leading to the entrance of the new Heber City Municipal Office Building. Because of use and time, and enlargement of the sidewalk area, many of the old stones have been damaged, therefore, we are asking for contributions from Heber City residents, or any others, who desire to assist with this project. Your names will be listed in the historical records of the building. It would be appreciated if those who desire to contribute would call the Heber City office, number 654-0757, and we will be happy to receive your gracious gift. Thank you.
